Background:

I have spent my entire life preparing for this position. I worked my way through college and law school. I have raised my family in San Antonio and am very proud of all of my children and grandchildren.

My wife Celeste has been by my side since we met at San Antonio College and, together, we have forged a wonderful life. As a side-note, I have played drums in San Antonio’s Band of Lawyers, The Court Jesters, for almost 12 years, and have great fun doing so.

I am very proud of my family, my record and my commitment to my job and my community. I am honored to serve in the position of District Judge and hope I will continue to bring fairness and respect to those who appear before me.
